

# Do You Have Room in Your Heart & Home?

## About Us

Hi, I'm 14, and my little sister is 11. I can be a little shy when I first meet new people, but I really enjoy spending time with my close friends and family. My sister is the opposite. She's super outgoing and loves to talk to everyone! She absolutely loves school, and it's important to her. School isn't my favourite, but I'm working hard on my classes and finishing all my work with my tutor. We both share a love for art, eating sushi, and going skating.

**You could be the one to give us the support we need to truly thrive!**

## What We Need:

- We need a caregiver who is patient and supportive as we work on communicating our needs and building our confidence.
- We need a caregiver who will help us stay connected to our siblings and extended family, as they mean a lot to us, and we truly value our relationships with them.
- We need caregivers who can help us stay focused, as we sometimes struggle with concentrating and completing tasks.
